WITH OUR BOYS IN SERVICE

Jack Garrison of Truckee, son of Mrs. E. A. Meiss, is justly proud of a letter which he received from his commanding officer, Lt. Col. Gorden S. Seagrave, which he sent home from his base in Burma.

Only recently Jack, three other enlisted men and two army doctors returned from months of special detached service which took them far into the jungles where without food nor supplies they accomplished their mission. Next week we will give you the contents of the letter which Col. Seagrave wrote in commendation of his men. Space this week does not permit its publication, but we know you will enjoy the letter as we did.

We know a bunch of our Truckee boys were in on that invasion jump from England, but directly we have been informed that on one of the battleships taking part was none other than Kenny Foster.

Mr. and Mrs. Charles Pierce received the thrilling news from their son, Pfc. Charles Pierce, who has been in the New Guinea area for over two years, that his name was drawn in the June quota for a home furlough. Just when, where or how he will arrive is still a military secret. We'll be seeing you Charlie.

Pfc. and Mrs. Albert Ring (nee Yvonne Joseph) observed their first wedding anniversary many miles apart, Pvt. Ring being in Mississippi and Mrs. Ring here.

We have received instruction from Blake Goss to hold his Sierra Sun until he sends his new APO address and it looks like Blake may soon join the boys now mopping up on the Hitler gang.

"I am now through training here in this desolate place, and our class is waiting for orders to move on—where and when nobody seems to know." So writes our old printer's devil George Keetch from the Marine Corps at Oceanside. He told of a nice visit with his mother and sister and said that Bob Morris, his brother in law is now stationed at Catalina. Bob, you know used to work in the bank here. "I was sorry to read about Edwin and Jim. It seems a shame when guys like that have to give their lives, but they gave them so the rest of us can keep on living and we ought to be grateful to them for it." George wants to come back to Truckee to live after the war.

George Keetch of the Marines at Oecanside informs us that he hears from Billy Marts, soundman in the navy somewhere out in the Pacific. Bill is doing o.k. and has earned a promotion.

Looking fit as a fiddle in his Marine uniform, Pvt. Glenn Coffey arrived this week from his San Diego base to spend a few days with his wife and youngsters.

Frank Giovannoni who left last Friday for induction wound up in the navy and was sent to a Southern California boot camp for training. Lots of luck, Frankie.

Frank Watkins with his wife and two sons visited at the F. F. Kearney farm last Friday. Watkins is a nephew of the Kearneys and is a lieutenant commander in the navy and for the past two years has had command of a fleet of six submarines operating in Japanese waters. After his long service he has been called to Washington and will be there for the rest of the year.

Nick Sassarini, soldiering in India, wrote a letter this week to his old high school principal, G. E. Hofmann, in which he offered no praise for the country. He told of the rains and how, as soon as they cease, the hot steam gives everyone a Turkish bath.

Ralph Hensley, of Donner summit who attended high school here ,is with the paratroopers in England and may now be in France. If so we don't envy him his assignment. Also in the paratroopers in England is Raymond Barton of Brockway, who is a medical paratrooper—really a tough task, but a most necessary one in the present struggle.

Sierra Sun Gets Cake Marking 75th Birthdate

* * * *

In commemoration of the 75th anniversary of the founding of the Sierra Sun and Truckee Republican, established in the same year—1869—as the Pillsbury Flour Mills Company, Philip W. Pillsbury, president of the latter concern, this week presented the editors of the Sun with a huge beautifully decorated birthday cake and a personal letter of congratulations.

The presentation on behalf of Pillsbury was made by E. Edmunds, a former editor of the newspaper and J. E. Eason of Reno, a Pillsbury representative, who brought the gift Monday.

In part Pillsbury said: "We of Pillbury are glad of the opportunity we have had to serve the people of America. The Sierra Sun & Truckee Republican with an organization that parallels our own in its years of service, has a record that brings a feeling of pride to its staff and to the people of Truckee. May we again congratulate the Sierra Sun & Truckee Republican on itts three quarters of a century of public service."

The cake was shared by the members of the Lions Club at the meeting last night.

FISH PLANTING IN TRUCKEE RIVER REVIEWED IN BRIEF

In a report to State Senator J. L. Seawell of this district, George P. Miller, executive secretary of the Division of Fish and Game says that 160,000 ranbow trout will be planted in the Truckee river this fall and that 75,000 Kokanee, a land-locked form of the red salmon and known as silver trout, will be stocked in Donner Lake.

The report was made after Senator Seawell had been advised that during recent years the planting of the river has failed to produce the desired results, although last year a superior grade of fry was planted and the same high stock of larger fish are being developed this year by Allan Pollitt, now in charge of the Tahoe Hatcheries.

The report shows the following planting for the main Truckee river, and does not include millions planted in adjacent tributaries and lakes.

1940— 220,000 rainbow; 194,000 Loch Leven and 120,000 eastern brook.

1941— 244,000 rainbow; 275,000 Lock Leven.

1942— 150,000 rainbow; 153,000 Lock Leven.

1943—113,000 rainbow; 49,000 Lock Leven.

It is contended by local sportsmen that up until two years ago the fry was planted while too small, the weigh ranging from 12 to 114 per ounce while last year they ran from 3 to 44 per ounce.

Driving Course To Be Inaugurated In Local High School

Patrol Captain Here Tells Principal Features Of Program

Acting through a coordinated statewide program, designed by Director Gordon H. Garland, for the purpose of making the fine art of driving a motor vehicle a part of the school carriculum, Captain George Peterkin of Roseville, in charge of the Truckee squad of the California Highway Patrol, this week secured Principal G. E. Hofmann's whole-hearted approval of the plan which will go into effect with the next semester.

The proposal provides for a week's intensive training at Berkeley for the teacher to give the course and a set of text books designed by the federal government and the state for the academic portion of the work.

In a recent address on the topic of Why We Need a Drive Education Program in Our School, Director Garland summed up the situation by saying: "Most of us, I believe, have eached the same conclusions. Accident reduction is the individual driver's responsibility; the cause of accidents lies in bad driving habits; the way to accident reduction is along the pathway of driver education."

Last year approximately 2800 persons lost their lives in California in traffic accidents, Garland declared, and 45,000 others were injured.

"Could not this awful waste of life and property been partly averted had the drivers involved been required to have taken formal training in the school before being permitted to operate motor vehicles on public highways?" he asked.

Captain Peterkin agreed to return later to further explain the course to the students, open to both boys and girls. The cost, including sending the teacher to Berkeley for the week's instructor's course, text books and incidentals will be less than $100, it is understood.

.: Sun :. Beams

by WALTER M. BARRETT

This week, in behalf of the editors and publishers of the Sierra Sun and Truckee Republican during the past 75 years, we were pleased to accept a huge birthday cake from the president of Pillsbury Flour Mills, whose company was organized the same year this newspaper was founded. We were proud to accept the token and our only regret was that the other editors of years gone by can not enjoy the rare privilege. Our eight years as editors, however, has convinced us that former editors, as well as ourselves, served the finest region and the best people in the world. It is the readers and the advertisers who have made the 75 year record possible and we sincerely wish to thank you all for your cooperation.

The big news this week, of course, is the invasion of Europe by our armies in England. This tragic climax of a world at war was a necessary step, but thinking Americans cannot help but be saddened by the news of the struggle. Our boys are striking a blow for freedom, dieing on foreign soil, so that the world may enjoy liberty. The least we at home can do in this tragic hour is to pour our money into war bonds, providing the wealth which will give those fighting men all they can use in combating a crafty, bitter enemy. The Fifth War Loan Drive is under way. Buy more than you ever have before—show the boys we are backing them up to the limit of our ability. Remember—they give their lives, we lend our money.

Doesn't Donner Lake look beautiful again now that the utility concern has permitted water to fill it to the point where it should be kept?

Local Highways Discussed Here As Officials Meet

Highway Will Remain On Present Course In Truckee

Three tentative proposals affecting Highway U. S. 40 in the Truckee region were informally discussed at a meeting between a group of highway and state chamber of commerce officials, headed by Commissioner Homer Brown of Diamond Springs, and the directors of the Truckee Chamber of Commerce here last Thursday evening.

The three suggestions, still only in the talking stage and not even blue printed for post-war consideration are:

1. Realigning Highway 40 over its present route through Truckee, cutting across straight from Gateway Park and reentering the present highway near when the old Hobart-Southern railroad once crossed, the route to parallel the Southern Pacific through Truckee.

2. Rerouting the highway from the State Quarantine Station, four miles east of Truckee in a direct line over the hills to rejoin the present road at Hirschdale, eliminating the dangerous curves at the Flycasting hill and the icy portion near Boca and cutting out the two bridges between the Flycasters and Boca.

3. Completion of the Sierraville road to join Highway 40 at Truckee. This project would have to be done under a federal road program.

Speaks Approval

State Highway Engineer George T. McCoy and District Engineer C. H. Whitmore who were in the visiting delegation each expressed approval of the plan and Commissioner Brown, while not thoroughly familiar with the local situation agreed that he would favor the suggestions. Both Whitmore and McCoy were united in their opinion that the route of the highway should not be changed in Truckee, as at one time proposed.

Others in the delegation which was making a tour of northern California inspecting roads and mapping out future projects included Edward M. Fennon, manager of the Sacramento district of the state chamber; John Luther, Howard Reamer, both on the state chamber's highway committee and John Bovee of Placerville.

The group spent the night at Rainbow Tavern and the following day made an inspection around Lake Tahoe and down Route 50.

Back for a short visit is Mrs. John Kvistberg of Avalon. She arrived on Thursday last week at her home in Tahoe Park and is now busy opening and cleaning the house, preparatory to renting for the season. She hoped to spend the summer here but will return to Avalon instead.

Mr. and Mrs. C. O. Valentine returned to their resort near Tahoe Tavern last week following several weeks vacation in the bay area. Mrs. Valentine has not felt her usual spry self since returning from Mexicc where she contracted several bad colds last winter. She has been confined to her bed and ordered to rest but hopes soon to be up and about again.

Friends of the Harvey Seickerts formerly stationed at the Tahoe Park Ranger Station, are offering their sympathy to the young couple who recently lost their younngest child in Reno. The abby had been in poor health and fell easy prey to an attack of pneumonia.

Mr. and Mrs. Arthur Merrill Brown of San Francisco are vacationing at the Todd home in the Sunnyside district.

Bert Soctt of Piedmont spent a few days at his home in Tahoe Park. opening the house for members of his family who plan to arrive for a summer vacation.

The B. Carringtons of Los Angeles who are the new owners of the Sbarboro home at the foot of Dollar Hill are ow occupying their lake shore home.

The lake level Monday stood at 6227.56 with 22 CSF of water leaving the gates in town. Precipitation for Friday's storm was .33 of an inch.

Fishing seems a little slow as homefolks are all too busy to do much fishing and few vacationists have gas enough to squander this year on their favorite sport. Some nice ones are still being taken occasionally however, Dick Myer of Tahoe City getting a five-pounder Sherwood Prusso of Sunday hooking a six-pounder and Charlie Swanson getting three medium sized mackinaw Sunday at Sunnyside.

Look over all of the appliances in your home. Check particularly those appliances you use constantly like the range, vacuum cleaner, refrigerator, washing machine and iron or ironer. Do any of these need repair or reconditioning?

You will be wise now to Duration-ize your appliances with timely repair. That means catching repairs in time before a complete breakdown occurs.

If your old equipment must be replaced—do it now. Some new appliances are still available in store stocks. Otherwise be sure to take care of what you have. Keep it in repair. Make sure it will carry-on with efficient service. It is a wartime necessity.

TAHOE LETTER

To the Service Men

From SWANEE

Tahoe City, Calif.
June 4, Sun.

Dear Tahoeites:

Another week has rolled around and once again it's Sunday— and what a lovely day it has been, with warm sunshine enveloping the entire Tahoe region since early morning. And tonight at 8 the sun still shines on the snow-spotted Nevada mountains, reflecting on the calm surface of the lake as in a large mirror, reminding us that truly the days are getting longer and that summer is just around the corner.

Last week's weather wasn't anything to shout about, for it was cold on sevehal days and cloudy and on Friday the western shores were treated to a very heavy fall of rain which developed into a most unusual hail storm. The ground was covered white in just a short time, and the hail remained overnight to greet us on Saturday morning. But today real summer weather has returned and we are all hoping it will linger for some itme to come.

In town the dandelions last week covered the Tavern golf links like a ocat of yellow paint, but they have all been trimmed off now as attenaants perpare the soft green stretches for the advent of summer visitors who soon will be swarming in for some rounds of golf. The sweet scent of the pale purple squaw carpet in bloom now assails one's nostrils as you walk past the high sunny banks of the highway, and the manzanita bells hang heavy everywhere. In our garden tulips, pansies and lilacs are budding and alders and cottonwood are putting proudly forth their myriad new pale green eaves. Snow still spots the meadows and there is plenty of deep snow on the mountains but in the sunny lowlands of the lake region summer is just ready to make her welcome debut.

Our employers, the Ralph Walkers arrived from San Franicsco Thursday to occupy theid lovely home Unaliyi for the summer, bringing with them our good friend, Mrs. Lee Druhn. No one could love Tahoe more than they and the business of planting a beautiful garden is their prime objective at the moment.

Had the pleasure last week of entertaining briefly Mrs. Viola Cowell, one of Tahoe City's earlier residents, who still owns a home in the Bittencourt tract. She enjoyed three days from Monday until Wednesday, visiting old friends chre and renewing old acquaintances. She also brought us up to date on her family, well known to those of you who have made Tahoe your homes for the past ten years or more. Her husband Fred, who worked with the construction crew on Midway at the time of that historic battle, is now awaiting call to duty, going is as a marine joiner. He has also seen service in Canada. Their son, Danny, now 27, weighs 195 pounds and is in the veterinarian corps at Camp Grant, Ill., where training is proving a trifle rigorous. He received his diploma in Texas, but must complete some college work before he can practice naywhere. Son Robert, married and father of two children, is still stationed ta Chino on a government game farm with the fish and game. Mrs. Cowell while here was the guest ofMrs. Stella Watson.

Another visitor this week was Clifford Anderson of Tahoe Cedars who declared that his family received much enjoyment from their Sierra Sun through the winter months, keeping up with the progress of Tahoe and their neighbors and friends here. His three sons are all serving Uncle Sam, Sgt. Robert Anderson, 25, still at La Junta with the air force, putting in part of his time as chief clerk and learning to install the electrical equipment in B-25's. His twin brother, Dick, for the past three months has been helping the merchant marines do their stuff in the Pacific somewhere, and Seaman 1-c Gene Anderson, 21, is in the coast guard. About six months ago he elected to become a benedict and in March surprised his parents at their Ripon home by bringing his pretty bride down for them to become acquainted with. Father Clifford Anderson did his bit for the war effort all winter by working long hours in the Stockton shipyards.

Just learned that my neighbors, the Monett Hamiltons, owners of Tahoe Lodge in Tahoe Park, have returned from their ranch Banning te open their esort for the summer. Don't know at this writing just what rating Sonny Hamilton has now, but I did learn that although he sailed the seven seas for the pats several years ih active service, and many of his companions were shot down and badly injured during battles, so far Sonny has come through unscathed. He is believed at this writing to be in Honolulu and in the best of health and spirits. Good luck, Monett—may your charmed life continue.

Tahoe Park residents welcome a new resident this summer in the person of Mrs. Katherine S. Corona of Compton, who recently purchased the Bob Huston home in the district through Fred Kilned. She has a son who is a lieutenant in the medical corps now stationed in England.

From Doug Smith continnues to come good news—that he has recuperated from the measles and is now able to be up and about again, although still confined to the San Diego navy hospital.

Dick Carnell with the signal corps at Camp Gruber, Oklahoma, is experiencing some novel weather and he and his pals go therough their military problems. Last week they stripped to their waists as the terrific heat beat down upon them, only to be drenched a short time later in a full-grown cloudburst! He's enjoying sleeping out and all the rest, he tells his folks, and a large photograph he mailed them recently certainly proves his statement. He is hoping for a furlough in July or August.

Sgt. Billy Bechdolt of Camp Hale was anticipated home on a 15-day furlough the first of the week, according to atest reports. His family is eagerly anticipating his arrival and we know Bill will enjoy every minute he is here.

Comes word from Camp Hale and Blake Goss that he left with his company on May 28 for New York—and thinks it won't be long before he gets to see some active service. Keep in touch with us Blake and lots of good luck.

Red Cross Staff Assistant Kay Starratt in far away India writes her folks, the A. M. Andersons ,that she greatly appreciates receipt of the vitamins her mom is sending her regularly, as the terrific heat is beginning to tell on her constitution. It is now monsoon season, and the rain falls 18 hours a day, the girls in her outfit wearing G.I. trousers and heavy shoes in order to wade through the mud.

A grand letter arrived today from Commander and Mrs. George Mawdsley of San Francisco who report that Tahoeite Captain Munfrey of Snug Harbor, Homewood, recently took three weeks off during which time he was quite ill. Commander Mawdsley last week was asked to accompany navy officials to the scene of the wrecked Liberty ship loaded with troops which crashed on a reef in the Farralones, to see if he could find a way to salvage the ship, but nothing could be done. He is stationed at Fort Mason in San Francisco. They send regards to old friends at the lake and hope to get up soon for a short vaaction.

Letters also last week from Dick Rupert, now graduated to Sergeant who is down Hawaii way for the moment. He recently was moved and spent two weeks at the Fiji Islands where the big bushy-haired natives were a real novelty to the boys, but treated the GI Joes in generous fashion and friendly. He and a buddy spent a five day pass seeing the sights of Honolulu and Waikiki, but he says he still can't see why Americans would travel so far to see so little, when they could see Lake Tahoe again so easy. And another nice letter from Steve Knezovich, now advanced to Ph. M. 1-c and still with Mob 7 of the Mobile Hospital Unit of that number on their island in the Pacific. He sent along another copy of the 7-Up, a company mimeographed newspaper of which he is sports editor, the popular sheet having grown to a four-pager already. Steve writes that winter is now about to start in his neck of the woods and while the summers are just hot, the winters are hot and wet with plenty of mud and muck. A lot of the boys are about ready to push off on long anticipated furloughs, and daily wait to hear their names called. All are thrilled with the grand showing their brothers in arms are making around the world.

From the D. C. Barnetts of Bonnie Beach, Brockway, I learn that their son. Doyle, Ph. M 1-c is still in the South Seas on active duty on a battleship and Barto, a second son is a member of an amphibious tank corps, address unknown at this time. Both attended school at Tahoe.

Elvin Bishop, son of Mr. and Mrs. Joseph Bishop of Sacramento, and nephew of Mr. and Mrs. Matt Green and Mr. and Mrs. Joseph Duffee of Tahoe, on March 15 received his wings and the rank of lieutenant at Brooks Field, Texas. He is now stationed in South Carolina where he is training for a bomber pilot. His cousin, Miss Nadine Duffee, daughter of Mr. and Mrs. R. S. Duffee of Sacramento, June 13 graduates from Grant Union high school and plans to spend her summer vacation at Tahoe.

Ring off now for another week and like the rest of the orld, await anxiously the arrival of Dday .I any of you local boys are scheduled to participate in that history-making engagement, we pray that you come through in good shape and return to tell us home folks all about it. May good luck, good cheer and Divine Providence accomapany you all n the stormy days ahead. Gung Ho Gang.

As ever,
SWANEE.

TOLLEFSEN TELLS OF PURCHASE OF TRUCKEE PROPERTY

TAHOE CITY, June 8.— C. A. Tollefsen, Homewood resident, this week announces details are in the process of completion for the purchase of ranch property formerly owned by Water Purdy and Jerry Cavitt, totalling 5,000 acres just north of Truckee. Plans are being made to subdivide the property and develop a dude ranch and hunting lodges.

Work cannot be started until after August as the property is leased until that time. About the first of October, Tollefsen said, logs will be cut from a grove of pines, to be prepared for a large old-style hay barn 60 by 30 feet and another building, also 60 by 30 will be used as a guest hotel, he said.

Both Trout and Alder creeks run through the property and it is planned, Tollefsen said, to have a large artificial pond where trout will be raised and guests can enjoy the sport of fishing.

This property is not to be confused with the Euer Dude Ranch ten miles north of Truckee being operted by Louis Euer.

Have a Coca-Cola = Come on over

...or keeping youth happy at home

Keeping young folks happy at home is mostly a matter of having a house in which they and their friends feel welcome. So don't forget Coca-Cola . . . it's always a big attraction for the young crowd. It says better than words, *Come on over to our house . . . we're glad to see you.* Be sure there's "Coke" in your icebox.

IT PAYS TO ADVERTISE

GREYHOUND AD FOR NAVY MEDICAL CORPS IS ISSUED

Serve with the Navy Medical Corps, urges Pacific Greyhound in their current advertisement released in more than 500 western newspares. This is another advertisement in Pacific Grey hound's series in cooperation with the recruiting program of the armed forces, chiefly aimed at getting women to enrlist in the various auxiliaries. Others were Seabees, Marines, Waves and Wasc.

The latest advertisement, appearing in this issue of the Sierra Sun, features both the Navy Nurse Corps, open to trained nurses, and the Waves Hospital Corps which urgently needs other women to serve in the navy hospitals, clerical capacities, and as helpers in wards, laboratories and pharmacies. Much of this work is now being done by male hospita: corpsmen, and women can release these men for duty on the fighting fronts.

Said F. W. Ackerman, vice president of Pacific Greyhound: "Anyone who has been in the navy, as I have, will appreciate the need for women in our military hospitals. I well remember the men nurses of the last war; they were well trained and capable enough, but our wounded fighters should have as far as possible the care of women nurses, and furthermore the men are urgently needed to serve on the battlefields."
